All assessments are carried out against the SSIP Core Criteria as the 'threshold' standard

All assessors/auditors working for SSIP member schemes hold the same minimum health and safety qualifications

All members are audited by SSIP ensuring the same standards are in place

All valid assessments are visible on the SSIP portal

So YES!!

Are all assessments equal?

HOW CAN SSIP SUPPORT YOU?

As a Buyer:

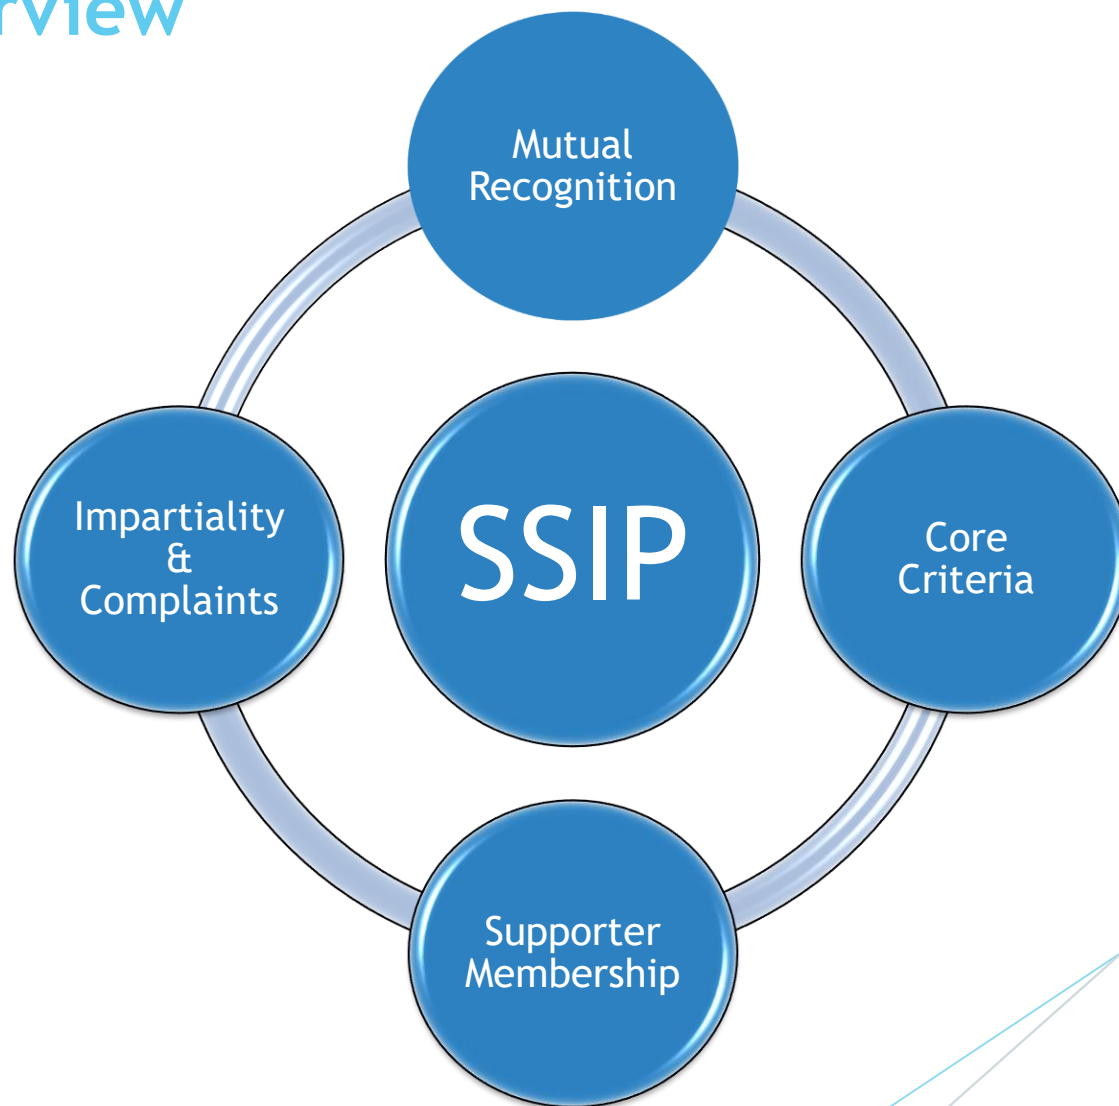

- ▶ With over **92,000** suppliers certificated bySSIP member schemes you will easily be able to identify suitable suppliers to work with you
- ▶ All suppliers have completed a vigorous audit process confirming their compliance with UK H&S legislation reducing the risk to your business with the knowledge that all contractors and suppliers have adequate H&S arrangements in place
- ▶ SSIP Assessments are tailored to a suppliers' trade and work activity
- ▶ All assessments are completed by competent assessors reducing the amount of time spent reviewing PQQ's in-house and enabling you to redirect resources

As a Supplier:

- ▶ An assessment demonstrates compliance with UK H&S legislation to all your current (and future) clients
- ▶ The Assessment process can act as an Audit of company arrangements and actively reviews all documents and procedures in conjunction with each other
- ▶ Reduces the amount of time spent complete external PQQ's by using the DTS procedure
- ▶ Win more work - your details will be visible to hundreds of buyers who only work withSSIP certified suppliers
